COUNTRY TO PRAY FOR CHINESE NATION

In Many Cities of the United States Sunday Will Be Observed as Chinese Missionary Day, in Response to Appeal; Women of Methodist Church Start a Paper to Demand Their Rights.

Action by the republic of China in asking Christians there to pray for China on Sunday, leads the federal council of churches to call upon Christians of the United States to do the same on the date named. In response Sunday will be made a missionary day in many cities and religious bodies. The council asks Christians in America to pray specifically for the objects mentioned by the Chinese government. These include the new national assembly of China, the new president whoever he may be, wisdom in framing the new constitution, recognition of the new republic by the powers, for peace in China and in the world, and for the election of strong and virtuous men to China's legislative bedies.

The federal council issues its up.

bodies.

The federal council issues its appeal to the churches in America over the names of president Shaller Matthews, and the chairmen of its lead-

ing committees.

In El Paso the appeal will be heeded at the First Presbyterian church, where Bey. C. L. Overstreet will preach a special sermon on the Chinese situation and special prayers for China will be offered.

WOMEN OF METHODISM Women of the Methodist church, south, have just started a newspaper called the "Laity Advocate" to further their struggie for women's rights as Methodists. The name is derived from their contention that women in Methodism south ought to have at least the rights of laymen. Their discipline states that a woman, elected superintendent of a Sunday school, may not thereby be a member of the quarterly conference. Women may not be stewards, and may not be members of a district conference. The contention was up before the general conference of Methodists, south, but was defeated although strongly backed by petitions. Southern Methodist women point out that they are received into all rights of membership, but that some of those rights are denied them by men.

Reasons given by these women for their contention, above the one of simple justice, are that numbering 1,000,000 they give to missions within \$100,000 as much as all the men and women in the church, the women's amount last year being \$500,000; that of the St missionaries on the foreign field 247 are women; and that they constitute the main teaching force in the Sunday schools. Laity leagues are forming throughout Methodism of the entire south. The initial number of START A CHURCH NEWSPAPER.

EPISCOPAL LAYMEN FORM
"PROTESTANT" CHURCH LEAGUE

Episcopal church laymen have just formed a Protestant league to save the word "Protestantt" in the name of their church, and to prevent, if pos-sible, the plans of the High church party, said to be composed of clergy chiefly, from adopting the name "Catholic," Eminent lawyers in the "Catholic." Eminent lawyers in the Episcopal Low party are saying that the general convention of their church has no power to change the name, and that were it to assume to do so individual churches would refuse to change their titles, and in the old name might bring suit in the couris to hold Episcopal church property, general as well as local. The same legal authorities point to the "Wes Free" church decision in Scotland, and the Cumberland Presbyterian decision in Tennessee as decisions certain to govern in American courts.

The Highs are already replying to the Lows among the Episcopal laymen that this subject of legal titles was fought out 15 years ago, and decisions

fought out 15 years ago, and decisions by the general convention itself made that it has jurisdiction over the name of its own church. It is admitted that no direct decision by the conventhat no direct decision by the convention was rendered, but merely that it acted in so far as to give consideration to the matter, after lawyers belonging to it had stated their views upon the floor and in its committees. Foremost clergy all over the country are preaching sermons on the change of name, and papers are preparing in several dioceses for presentation to conventions to be held in May and June, looking to the bringing of the question legally into the general convention in October. Interest runs high, and party spirit is active.

CHRISTIAN ENDEAVORERS HAVE BIG PLANS FOR THE FUTURE Christian Endeavorers have big plans just ahead. Their international convention meets in Los Angeles July 8, and railroads are granting from Chicago and St. Louis such rates as already cause young people in the churches to plan coast trips of sum-mer yeartlons. Since no auditorium is churches to plan coast trips of summer vacations. Since no auditorium is big enough to accommodate Endeavor crowds, Los Angeles will roof over Piesta park, covering a city block, or square, creating two great auditoriums that will seat 20,600. Keen interest centers in the 1913 Endeavor convention, and cities now making bids for it include St. Louis, Washlagton, Toronto and Winnipeg, with a good deal of chance that the Manitoba city may be chosen.

Plans are already making also for the World Endeavor convention, which is to be held at Sidney, Australia next March. The American delegation will sail from San Francisco next January 22, their tour including cities of New Zealand and Australia, with extension

BISHOP ATWOOD MAY YET LOSE HIS COOK

Phoenix, Ariz, April 28.—Bishop J. W. Atwood, of the Episcopal diocese of Arizona, once more faces the pros-pect of losing his Chinese cook, Jim fong. Years ago the bishop picked up im Hong in Tucson and ever since he has been fighting to keep the cull-

he has been lighting to keep the culturary artist, for Jim is an artist, from being sent back to China.

Jim Hong has been arrested a number of times. His last arrest is on a charge of perjury, alleged to have been committed at his last, trial. He was released on \$500 bail, furnished by his employer and E. J. Bennitt, a local banker.

It is charged that Hong once went to Mexico and returned without the proper papers, thus forfeiting his right to remain in this country. The China-man denies that he was ever in Mexico.

NARROW ESCAPE FROM DEATH.

New York, N. Y. April 28.—Eleven members of the senate and house committees on mayal affairs had a narrow escape from being blown to pieces while witnessing naval target practice at Judith Sound, 50 miles south of Washington, according to a Washington dispatch to the Times. The monlotor Tallahasec, shooting while a thick haze hung over the water, mistook for the target the United States Yacht Dolphin, on board which were most of the members of the official party and a shell fired from a 12-inch gun passed directly over the stern of the Dolphin so close as to cut one of the ropes attached to the yacht's rigging.

CAN LOCATE DE REPUBBLICA DE LA CONTRA DE LA C Home Baking Reduces Cost of Living

THE U.S. Dept. of Agriculture in Experiment Station. Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts of meat the difference is

even greater. If then, one really desires to reduce her weekly meat and grocery

bills, she need only make more use of her oven. Who ever heard man, woman or child complain that good home-mads biscoits, muffins, cake and cookies appeared on the table too often? Instead the tendency is a make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

Home Baking is Simplified by the Use of K C Baking Powder

With K C, you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fushioned baking powders. It is double acting and continues to give off leavening gas until the dough is cooked through. K C is sold at a fair price-a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and to please. We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.
